Smile. It is the switch that turns on your charisma.

And when you smile, the whole world stops and stares for a while. **-Bruno Mars, Just The Way You Are**

Your smile is your personal connection to the Divine and the Divine in all of mankind. When you smile you're immediately transported to being at one with the Universe and all life.

It is the switch that turns on your charisma. Smiling unleashes the therapeutic power of Love from within, permeating every gland, muscle, and cell in your body and continues out to bless everyone you meet, and all that you do -- with success.

Have you ever thought how every friend in your life today, including your spouse or partner, was once a stranger? How did they transform from a stranger and into a friend? It all started with your smile. It's impossible to turn a stranger into a friend by greeting them with a frown.

Author **Florence Scovel Shinn** affirms, "Every man is a golden link in the chain of my good." With the knowledge that every one is indeed a golden link in the chain of your good, smiling ensures every encounter will be a golden opportunity. Smile and let the irresistible prospering power of Love go to work on your behalf.

The effect of a smile on other people is remarkable. It disarms suspicion, melts away fear and anger, and brings forth the best in the other person--which best he immediately proceeds to give to you.
