Yield: 4 servings (about 20 snaps)

4 ounces of Parmigiano Reggiano DOP by Agriform (\$8.80 [\\$5 at Eataly](#) [2])

1 ounce of plain flour

Ground white or black pepper

Finely grate the Parmigiano Reggiano DOP. Stir the cheese and the flour until well combined, then season with a pinch of pepper, to taste.

Heat a hot grill or skillet. Place rounded tablespoons of the Parmigiano Reggiano mixture, spaced apart, onto the pan. Flatten them down slightly.

Cook for one or two minutes, until melted and beginning to brown. Remove from the pan while still warm, and repeat with the other. If you are not eating the snaps immediately (but why not?!), allow them to cool, then store in an airtight tin until you are ready to serve (how can you wait?).
